

8th UK Swallowing Research Group Conference Programme
6-7 February 2020
UCL Great Ormond Street Institute of Child Health, London
Kennedy Lecture Theatre

Wednesday 5th February

17:00-19:00 Research show and tell

Thursday 6th February

07.45-08.30 **Registration**

08.30-08.40 **Welcome Talk** - Dr David Smithard Chair of UKSRG

08.40-10.00 **Harnessing the Power of Smart Technology to Bring Instrumental Precision to the Clinical Dysphagia Assessment** – Dr Katlyn McGrattan
Chair: Dr David Smithard

10.00-11.30 **Theme: RESPIRATORY AND ORAL**
Chairs: Dr Satish Mistry and Susan McGowan

ICU dysphagia's tale of 2 tubes: The aftermath of oral endotracheal intubation- Dr Martin Brodsky

ICU dysphagia's tale of 2 tubes: Tangling with a tracheostomy tube- Dr Anna-Liisa Sutt

Oral health experiences of forensic inpatients with a learning disability – Mrs Gail Millburn

Why mouth care really matters? – Dr Mili Doshi

11.30-12.00 Coffee break and poster viewing

12.00-13.10 **Theme: SURGERY**
Chairs: Dr Justin Roe and Dr Paula Leslie

Engineered Oesophagus: is that going to be functional? – Professor Paolo De Coppi

Laryngeal Reinnervation - is there any objective evidence that it helps Dysphagia – Mr Mark Rafferty

Surgical interventions to optimise swallowing function- Mr Guri Sandhu

13.10-14.10 Lunch and poster viewing. **Optional lunchtime seminar by Phagenesis Ltd (13.40-14.10)**

14.10-15.25 **Free papers session 1**
Chairs: Dr Paula Leslie and Dr Hannah Crawford

Paediatric SLT standards go from black to green just by creating a Tracheostomy Team - Brenda Carty

Not just dyspnoea - swallowing as a concern for adults with laryngotracheal stenosis who undergo reconstructive surgery? - Gemma Clunie

Making a meal of it – The feasibility and acceptability of using finger foods in hospital - Millie Heelan

Dysphagia Outcomes Following Transoral Robotic Surgery (TORS) - Rachel Cowley

15.25-16.00 Tea and poster viewing

16.00-17.00 **Simultaneous workshops** 16.00-16:50 workshops (rooms will be announced during breaks) and 16:50–17:00 move back to the Kennedy Lecture Theatre

8th UK Swallowing Research Group Conference Programme
6-7 February 2020
UCL Great Ormond Street Institute of Child Health, London
Kennedy Lecture Theatre

1. **Writing for publication** – Dr Paula Leslie
Chair: Anita Smith
2. **State of the Science in the Paediatric Videofluoroscopic Swallowing Assessment: Standard Practice Parameters Guiding Study Execution, Analysis, and Clinical Interpretation** - Dr Katlyn McGrattan
Chair: Dr Hannah Crawford
3. **How can social media help you in your research journey?**– Dr Hazel Roddam & Ms Sally Morgan
Chair: Sally Morgan
4. **Engaging Patients and Healthcare Providers as Partners and Co-Designers of Care Pathways** – Mrs Gráinne Brady & Dr Justin Roe
Chair: Dr Justin Roe

17.00-18.15 **Free papers session 2**
Chairs: Dr Satish Mistry and Dr Justin Roe

Early identification of dysphagia in moderate to late preterm neonates - Mari Viviers

Measuring staff confidence when introducing a protocol for eating and drinking with acknowledged risk -Naomi Soar

How reliable is the penetration aspiration scale? A retrospective assessment using data from the Swallowing Treatment using Electricalpharyngeal Stimulation (STEPS) trial - Lisa Everton

Comparing a tongue fatigue-inducing paradigm (FIP) on maximum isometric pressures (MIP) and perceived effort (PE) of the tongue in healthy elderly (HE) versus Parkinson’s disease patients (PDP) - Jan Vanderwegen

18.15-19.15 **Drinks reception**

8th UK Swallowing Research Group Conference Programme
6-7 February 2020
UCL Great Ormond Street Institute of Child Health, London
Kennedy Lecture Theatre

Friday 7th February

07.45-08.30 **Registration**

08.00-08.30 **AGM** (concurrent with registration)

08.30-09.40 **Theme: NEUROLOGY**

Chairs: Dr Katlyn McGrattan and Dr Sue Pownall

Gene therapy SMA1 clinical trials, initial data and impact on swallow function – Ms Emily Johnson and Dr Mariacristina Scoto

Dysphagia in Parkinson's disease: what can we treat? - Dr Hanneke Kalf

Supporting people living with MND to make the decision about gastrostomy placement – Mr Sean White

09.40-10.10 Coffee break and poster viewing

10.10-11.20 **Theme: PSYCHO-SOCIAL/PATIENT EXPERIENCE & ENGAGEMENT**

Chairs: Dr Hannah Crawford and Sally Morgan

How to get people involved where patient groups don't exist – Mr Derek Stewart, OBE

"She May Never Eat"- A Family's Perspective on living Nil By Mouth – Ms Suzanne Miell-Ingram

Everyone is different – Mr Abdi Omar

11.20-12.20 **Free papers session 3**

Chairs: Alex Stewart and Susan McGowan

Family members' experiences of dysphagia after a stroke: a qualitative study of family members living in London - Anna Robinson

Who Blends and Why? - Anne Breaks

Transesophageal Echocardiography - Dysphagia Risk in Acute Stroke (T.E.D.R.A.S.) - Samra Hamzic

12.20-13.30 Lunch break and poster viewing **Optional lunchtime seminar by IDDSI (12.20-12.50)**

13.30-14.30 **Simultaneous workshops** 13.30-14:20 workshops (rooms will announced during breaks) and 14.20 – 14.30 move back to the Kennedy Lecture Theatre

1. **Critical Appraisal** – Dr Paula Leslie & Dr Hannah Crawford
Chairs: Dr Paula Leslie & Dr Hannah Crawford

2. **Standardisation- essential evidence based care or stifling clinical experience and judgement?**
– Ms Anita Smith & Mr Russell Walker
Chairs: Ms Anita Smith & Mr Russell Walker

8th UK Swallowing Research Group Conference Programme
6-7 February 2020
UCL Great Ormond Street Institute of Child Health, London
Kennedy Lecture Theatre

- 3. Instrumental swallow evaluations - how important is maximising image quality? – Dr Margaret Coffey**
Chair: Dr Justin Roe
- 4. Managing tube and feed complications in people on home enteral feeding – Mr Sean White**
Chair: Dr Sue Pownall

14.30-15.30 Precision Medicine Guiding the Future Dysphagia Care – Dr Katlyn McGrattan
Chair: Dr David Smithard

15.30-15.45 Final remarks and awards - *Dr David Smithard*

DRAFT
