Magnesium Sulfate Injection, USP 500 mg/mL SD Vial 10mL
Backorder Update

Dear Valued Customer,

Fresenius Kabi Canada would like to provide the following update on our **Magnesium Sulfate Injection, USP 500 mg/mL SD Vial 10 mL**.

As per our communication dated April 22, 2022, our Magnesium Sulfate Injection, USP 500 mg/mL SD Vial 10 mL was expected to go on backorder effective May 1, 2022; however, MDP/McKesson have indicated that a limited amount of inventory is remaining across their distribution centres at this time. We have reloaded the allocations from the previous month to allow for access to this inventory. Unfortunately, we **cannot guarantee** fulfillment of all visible allocations as stock levels vary across distribution centres.

We encourage customers to check their local distribution centre with the understanding that stock may have been depleted in certain cases and the backorder is already in effect.

DIN	Fresenius Kabi Product Code	MDP Product Code	McKesson Product Code	Product Description	Supply Status
02139499	C96410P	922468	593871	Magnesium Sulfate Injection, USP 500 mg/mL SD Vial 10 mL	Backorder effective May 1, 2022 until July 18, 2022. *limited inventory remaining - please check local distribution centre for availability*
02139499	C6450	922493	918540	Magnesium Sulfate Injection, USP 500 mg/mL PBP Vial 50 mL	Effective May 1, 2022 allocations will be increased to cover 100% of 50mL demand plus 200% of 10mL demand on a mL:mL basis.

We are working diligently with our plants to expedite production and will advise of any updates should there be any improvements to the timelines and allocations indicated above.

We recognize the difficulties and inconvenience that you may encounter as a result of this supply interruption, and we thank you for your patience and understanding in this matter. If you have any questions or concerns, please do not hesitate to contact Customer Service at (877) 821-7724.

Sincerely,

George Shamsoun
