

Simplist® Packaging Change Information

Beginning in April 2018, Dilaudid® (HYDRomorphone) and Morphine Sulfate in Simplist® prefilled syringes will transition to a standard blister pack, which is currently used for other Simplist products.

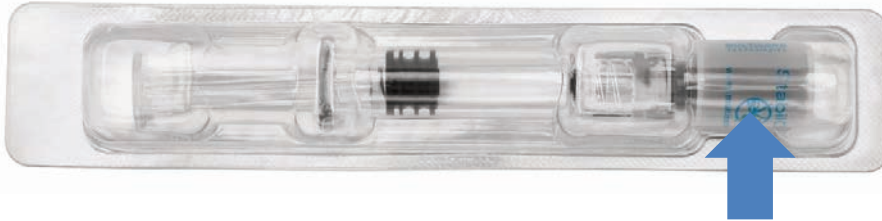

Image #1: Original packaging with StabilOx™ canister and foil backing

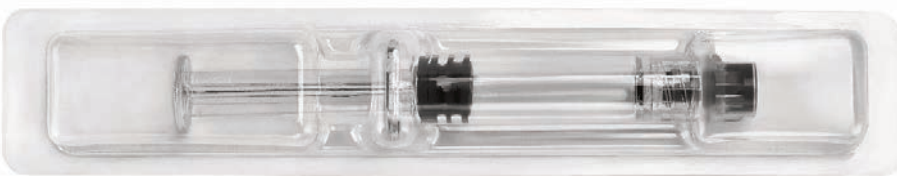

Image #2: New packaging with paper backing (without canister)

Packaging will change for:

Dilaudid (HYDRomorphone)	NDC Number
Dilaudid 0.5 mg per 0.5 mL	76045-009-05
Dilaudid 1 mg per 1 mL	76045-009-10
Dilaudid 2 mg per 1 mL	76045-010-10

Morphine Sulfate	NDC Number
Morphine 2 mg per 1 mL	76045-004-10
Morphine 4 mg per 1 mL	76045-005-10
Morphine 5 mg per 1 mL	76045-006-10

What's Changing:

- The StabilOx™ canister is removed
- The foil backing will change to paper backing

What's Not Changing:

- NDC number is the same
- Label content is the same
- Product shelf life remains 24-months
- Carton configuration (24 pack)
- Packaging dimensions (blister and carton size) is unchanged
