Dipyridamole Injection, USP 5 mg/mL SD Vial 10 mL
Allocation & Backorder Notification

Dear Valued Customer,

Fresenius Kabi Canada regrets to advise that due to production delays, we will be reducing allocations for our **Dipyridamole Injection, USP 5 mg/mL SD Vial 10 mL** effective **July 1, 2023**. Contract customers will be allocated **50% of historical monthly demand**.

We will then be encountering a supply interruption on this product effective **August 1, 2023 until August 18, 2023**

DIN	Fresenius Kabi Product Code	MDP Product Code	McKesson Product Code	Product Description	Supply Status Jun. 2023	Supply Status Jul. 2023	Supply Status Aug. 2023
02244475	C601310	921014	600262	Dipyridamole Injection, USP 5 mg/mL SD Vial 10 mL	100% Allocation	Allocations to be reduced. Contract customers to be allocated 50% of historical monthly demand.	Backorder*

*Please note that the stockout date may vary by region, please check your local distribution centre for availability.

All efforts are being made to expedite and mitigate this shortage. In the interim, we encourage all customers to use severe conservation measures to extend the supply as long as possible.

We recognize the difficulties and inconvenience that you may encounter as a result of our reduced allocations and supply interruption, and we thank you for your patience and understanding in this matter.

If you have any questions or concerns, please do not hesitate to contact your sales representative.

Sincerely,

Joseph Le
