## **Ropivacaine Hydrochloride Injection, USP** **Supply Update**

Dear Valued Customer,

Fresenius Kabi Canada is pleased to advise that allocations for our **Ropivacaine Hydrochloride Injection, USP 2 mg/mL, 100 mL Bag and 200 mL Bags**, will be increased effective **February 1, 2026**. Contract customers will be allocated **100% of historical monthly demand**.

All Ropivacaine SKUs will continue to be managed **under strict allocation**, and we will be unable to accommodate allocation requests or provide additional inventory at this time.

We are working diligently with our plant to continue to improve on our supply situation and will update the market as new information becomes available.

Please see the details outlined in the table below.
