Vials with Blue Caps
All other Lots

The vial cap is a secondary packaging component and does not come into contact with the product. As a result, there is **no impact on product quality, safety, or integrity**. The yellow and blue caps are identical in type, size, and dimensions. Once this lot is fully distributed, all subsequent lots will be supplied with the Blue cap.

Please ensure this vial cap color change notification for Tyenne® (tocilizumab-aazg) 80 mg/4 mL vials for Lot 16UK14 is communicated to all relevant staff, noting that only the vial cap color differs, and the product itself is unchanged and meets specifications.

If you have any questions or concerns, please reach out to your Account Manager or call Customer Service at 888-386-1300.

Thank you for your attention to this important matter.

Warm regards,
