Calcium Gluconate Injection, USP 100 mg/mL 50 mL Vial Temporary Cap Colour Change

Dear Valued Customer,

Fresenius Kabi Canada would like to inform you that we will be temporarily changing the cap colour of our **Calcium Gluconate Injection, USP 100 mg/mL 50 mL Vial** until **May 2018**. Please note there has been no change to the formulation and the product remains latex and preservative free.

DIN	Product Code	Product	Existing Cap Colour	Temporary Cap Colour	Estimated End Date
02141019	C360059	Calcium Gluconate Injection, USP 100 mg/mL 50 mL	Pink	White	May 2018

We recognize the inconvenience that you may encounter as a result of this short term change and we thank you for your patience and understanding in this matter.

We would like to assure you that Fresenius Kabi Canada is dedicated to providing products that meet the highest quality standards.

If you would like to obtain more information on these products, please contact your hospital representative or our Customer Service Department at (877) 821-7724.

Sincerely,

George Shamsoun
Product Manager – IV Drugs
