Meropenem for Injection, USP 500 mg and 1 g SD Vials **Cap Colour Changes**

Dear Valued Customer,

Fresenius Kabi Canada would like to inform you that we will be changing the cap colours of our **Meropenem for Injection, USP 500 mg and 1 g SD vials**. Please note there has been no change to the formulation and the product remains latex and preservative free.

Product Code	Product	Existing Cap Colour	NEW Cap Colour	Estimated Availability Date
4523001	Meropenem 500 mg/vial	Pink	Violet	End of August
4524001	Meropenem 1 g/vial	Lilac	Grey	October TBA

During this transition period, product with the existing cap colour may still be in distribution until inventory is depleted. Therefore, you may receive vials with both the old and new cap colours for a brief period of time.

We would like to assure you that Fresenius Kabi Canada is dedicated to providing products that meet the highest quality standards.

If you would like to obtain more information on these products, please contact your hospital representative or our Customer Service Department at (877) 821-7724.

Sincerely,

George Shamsoun
Product Manager – IV Drugs
