

DESCRIPTION

A colourless, viscous solution with a consistency resembling natural saliva.

PRESENTATION

Glandosane® is an artificial saliva available with a natural, lemon or peppermint flavour. Glandosane® is presented in a 50ml aerosol dispenser.

INDICATIONS FOR USE

Glandosane® is an artificial saliva for patients with dryness of the oral mucosa and throat e.g. maintenance of oral hygiene in intensive care units, patients receiving radiotherapy treatment, following oral surgery, during treatments with certain drugs which suppress saliva production such as some antidepressants and chemotherapy agents.

Glandosane® is prescribable on FPIO/GPIO for patients suffering from a dry mouth as a result of radiotherapy or sicca syndrome (xerostomia).

DIRECTIONS FOR USE

Spray onto the oral and pharyngeal mucosa for 1-2 seconds as often as required or as directed by a healthcare professional.

STORAGE

Protect from direct sunlight.

Store in a cool (below 50°C), dry place.
