

**FRESENIUS
KABI**

caring for life

CHEMICAL ANALYST (FINAL PRODUCT & PACKAGING)

Who are we?

Fresenius Kabi is a global healthcare company specializing in life-saving medicines and technologies for infusion, transfusion and clinical nutrition. Our products and services are used in the care of seriously and chronically ill patients. Caring for life!

Since 2021, we have been producing millions of EasyBags with enteral (tube) nutrition at Emmer-Compasuum at high volume. The factory hall was specially rebuilt for this purpose. Enteral or clinical nutrition is special drink or tube feed that contains all the necessary nutrients that a patient needs per day. Specialist work, for which we are looking for new employees with a healthy dose of curiosity and the willingness to work hard and learn a lot!

The employees are the pillars of our success. Our personnel policy is always future-oriented. In this way, we all contribute to the global growth of Fresenius Kabi. We support you in your new working environment with education and training.

Tasks and responsibilities

What will you do as a Chemical Analyst (final)?

In this position you perform and document chemical and physical analyzes of intermediate and finished products in accordance with existing procedures. This includes general sensory examinations as well as food specific testing such as the determination of fat content, dry matter, pH, nitrogen content (Kjeldahl or Dumas) and other parameters. You also handle sample distribution, management and help in preparing batch release documentation. You prepare SOP's, perform method validations, maintain equipment, and ensure that all documentation is in order. Next to that you support the training of new personnel.

In short, a job for someone with a passion for chemistry!

Your knowledge and skills

- Completed education at MBO level towards food chemistry or similar.
- Minimum 3 years work experience in a similar position.
- Demonstrable experience in the field of instrumental analysis.
- Good EDP user knowledge.

Offer

- Competitive salary
- 26 vacation days + 12 ADV days
- A lot of attention for training
- Enthusiastic Staff Association
